

Task, Wednesday-Thursday

Wednesday- Thursday

- Use the questions, discussion points, and themes from the lectures during the field visits.
- Make notes on each question and discussion point and bring them to the group work on Thursday afternoon.

Thursday Afternoon

- 13h30: Share your notes with the rest of the group. Choose the one or two topics that you find the most interesting.
- Prepare a presentation of those topics (10-15 minutes). Make a power-point presentation or similar.
- Include a coffee break!
- 15h00: Presentations (Nizhnevartovsk goes first)

Questions from Schulin's Presentation

- What is the difference between a gifted person and a talented person?
- When identified, how can you support gifted students that they become talented?
- Which kind of tasks would you ask gifted student to solve.
- (Add more questions at will)
